Asif Hassan

Community & Partnerships Generalist

Profile

I use my operational and technical background to build ecosystems. Experience includes scaling communities (0 to 2,000+) and managing projects for global foundations and authors.

Experience

Product & Project Manager @ **Sthaan**

JAN 2024 – PRESENT

Manage complex stakeholder projects, including an AI-Financial Inclusion report with the Bill & Melinda Gates Foundation.

Oversee product coordination and user success for "Cloop" and "Innernet," bridging the gap between product teams and end-users.

Founder's Office & Community x Events Lead @ **People+ai**

JAN 2023 – DEC 2023

Joined as employee #1 to build the organization's operational infrastructure.

Scaled the community from 0 to 2,000+ members and orchestrated 70+ events, serving as the central point of contact for members and fellows.

Strategic Consultant

2021 – 2023

Partnered with high-profile authors (including Nandan Nilekani and Aparna Piramal Raje) to manage brand narratives and community events.

Also served as Head of Growth for a wellness startup (Still), translating strategic vision into operational reality.

Creative Agency

2018 - 2024

Founded a creative agency serving 155+ clients across diverse sectors.

Managed all client relationships and project delivery (content, design, strategy), generating ₹1Cr in revenue through direct partnerships.
